"Anwar & Rekan was founded with the objective of becoming the strategic partner of our clients by providing them high quality assurance, accounting and business advisory services so to enhance their business performance."

Message from the Managing Partner

Anwar & Rekan was founded with the objective of becoming the strategic partner of our clients by providing them high quality assurance, accounting and business advisory services so to enhance their business performance.

The enormous business growth by our clients as well as their increasing requirements offer us huge challenge and great opportunity to assist them in improving their performance as well as in carrying out their role as engine of economic growth.

Accordingly, we always endeavor to give our best to develop and enhance our quality of professional services to cater to the challenges and opportunities.

As a realization of our commitment to improve the quality of our professional services, in July 2005, our firm joined DFK International, a worldwide association of independent accounting firms and business advisers. It is our belief that by joining DFK International which has global network of over 380 worldwide offices in over 85 countries, Anwar & Rekan is well positioned to provide clients with global knowledge and services, as well as to identify and link clients to potential international business opportunities.

We expect that with our strong knowledge and broad experience as well as support from our worldwide affiliation, we could deliver value services to our clients and become a vital part of the global community, embracing the challenge and responsibility of defining the future for ourselves and also for those we serve.

Our Mission

To be our clients' strategic partner as their business grows, through delivering high quality services professionally and with integrity.

Our History

Anwar & Rekan was founded by Mr. Anwar Setya Budi in June 2003 under the name of Drs. Anwar BAP. As a newly registered public accounting firm, Drs. Anwar BAP started by providing assurance and accounting services.

Coinciding with its growth, Drs. Anwar BAP enhanced its services by including corporate finance as well as management consulting to its line of professional services offered.

As part of the firm's endeavor to improve the quality of service to client, in July 2005, Drs. Anwar BAP joined DFK International, a worldwide association of independent accounting firms and business advisers. In April 2007 Drs. Anwar BAP added two new partners to its growing practice. With the change in the composition of the partnership, the name of the firm was also changed to become Anwar & Rekan.

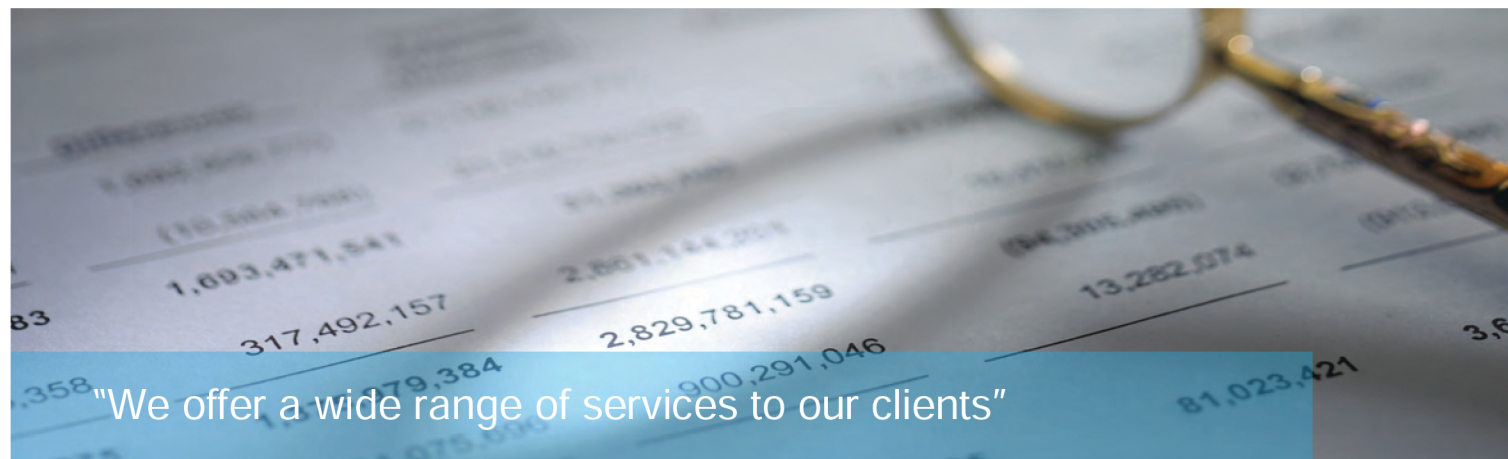

Our Strengths

The members of our senior management are from various high reputable and big public accounting and financial consulting firms. We have high expertise and experienced in our industry and well-trained people, assets that are necessary in delivering high quality services professionally and with integrity to our clients in various industries.

Through our membership in DFK International, a worldwide association of independent accounting firms and business advisers, we are well positioned to provide clients with global knowledge and services, as well as to identify and link clients to potential business opportunities.

We are also registered as public accounting firm in several regulatory bodies such as Capital Market and Financial Institution Supervisory Agency of Indonesia, the Indonesian Central Bank and also in the United States Public Company Accounting Oversight Board. These registrations enable us to provide services to our clients which are engage in industries under those regulatory bodies.
